

## King's Lynn Without Incineration

### What isn't Norfolk County Council telling us about the proposed waste-to-energy incinerator at Willows Business Park, Saddlebow?

- Long-term risk to public health from toxic emissions?
- Farm produce selling for less?
- Increase in HGV traffic?
- Fall in property values?
- Magnet for other dirty industry?
- Poor recycling rates?
- Toxic ash?
- Hazardous waste?
- Hidden or unforeseen costs?
- Contamination of flood water?
- Accidents?
- Poor regulation and ineffective enforcement?
- Money draining out of the local economy?
- Decision makers who don't live here?
- No way out for 25 years?

#### Why not ask?

Public meeting, with Mr Henry Bellingham MP and chaired by Dr Ian Gibson, to be held at the Methodist Church, London Road, King's Lynn, PE30 5PY, 8.00pm to 10.00pm, 18th June.
